Public Notice Verification Form
Air Permit 92037

Applicant Name: Building Materials Corporation of America		<div style="writing-mode: vertical-rl; transform: rotate(180deg);">2014 JUN 23 CHIEF CLERK'S OFFICE TCEQ ON ENVIRONMENTAL QUALITY COMMISSION</div>
Site or Facility Name: Dallas Plant		
TCEQ Account Number (if applicable): DB-0378-S	Permit Number: 7711A	
Regulated Entity Number (RN): 100788959	Customer Number (CN): 602717464	
<p>All applicants must complete all applicable portions of this form. Send this completed form to the TCEQ to the attention of the Office of the Chief Clerk within 10 business days after the end of the designated comment period. For more information regarding public notice, refer to the instructions in the public notice package.</p>		
Alternative Language Checklist		
I have contacted the appropriate school district.		<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
School District: Dallas Independent School District	Phone Number: 972-925-6783	
Person Contacted: Ms. Sylvia Martinez	Date: 02/10/2014	
Is a bilingual education program (BEP) required by the Texas Education Code in the district?		<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
<p>If answer is "NO," skip to first question in verification box on next page. (Note: A BEP is different from "English as a Second Language" (ESL) program; and Elementary/Middle schools that only offer ESL will not trigger notice in an alternative language.)</p>		
Notice in an alternative language is required if a BEP is required in the District, and one of the following conditions is met:		
1. students in the elementary or middle school nearest the facility are enrolled in a program at that school;		<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2. students from the elementary or middle school nearest the facility attend a BEP at another location; or		<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3. the school district that otherwise would be required to provide a BEP has been granted an exception from the requirements to provide the program, as provided for in 19 Texas Administrative Code 89.1207(a).		<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If the answer is "NO" to 1, 2, and 3 above, then alternative language notice is not required .		
The name of the elementary school nearest to the proposed or existing facility is:		
C.F. Carr Elementary School		
The name of the middle school nearest to the proposed or existing facility is:		
Thomas A Edison Middle Learning Center		
The following language(s) is/are utilized in the bilingual program:		
Spanish		
<p>If notice in an alternative language is required, then applicants must publish alternative language notice(s) and post alternative language sign(s), as outlined in the <i>Instructions for Public Notice</i> and certify compliance with those requirements on this form.</p>

NSR Permit Renewal Application Approval and Public Notice Authorization
NSR Permit Number: 7711A
Building Materials Corporation of America. - Dallas Plant - Dallas County
CN 602717464, RN 100788959

To Whom It May Concern:

Building Materials Corporation of America doing business as GAF Materials Corporation (GAF) owns and operates an existing asphalt roofing production facility in Dallas, Texas (Dallas Plant). The Plant operates under New Source Review (NSR) Permit No. 7711A issued on October 21, 2004.

GAF submitted a NSR Permit renewal application with Concurrent Permit Alteration for NSR Permit No. 7711A on April 22, 2014. This permit renewal application was declared administratively complete on May 1, 2014. As a part of the air permitting process, the Dallas Plant is required to publish a formal public notice in a newspaper of general circulation in the municipality nearest to the facility location. In accordance with the guidance package received from the TCEQ on May 1, 2014, the Dallas Plant has completed the following:

- Published a formal public notice on May 15, 2014 in the following newspapers circulated in Dallas, Dallas County:
 - The Dallas Observer (English)
 - El Extra (Spanish)
- Placed a copy of the permit renewal application at the Dallas West Library, 2332 Singleton Boulevard, Dallas, Texas, for public viewing and copying, beginning May 15, 2014
- Prepared and posted signs at the Dallas Plant on May 15, 2014
- Submitted the original newspaper clippings showing publication date and newspaper name in English and Spanish on May 28, 2014
- Submitted the original Affidavits of Publication for Air Permitting to the TCEQ on June 12, 2014

The Dallas Plant is required to submit the Public Notice Verification Form to the TCEQ within 10 business days after end of the designated comment period. As such, GAF is submitting the Public Notice Verification Form with this letter.

Photocopies of these submittals are being mailed to the following, per the Instructions for Public Notice:

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT RENEWAL PERMIT NUMBER 7711A

APPLICATION Building Materials Corporation of America has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Number 7711A, which would authorize continued operation of an Asphalt Roofing Production Facility located at 2600 Singleton Boulevard, Dallas, Dallas County, Texas 75212. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=32.777222&lng=-96.863333&zoom=13&type=r>. The existing facility and/or related facilities are authorized to emit the following air contaminants: nitrogen oxides, sulfur dioxide, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, carbon monoxide, and organic compounds.

This application was submitted to the TCEQ on April 23, 2014. The application will be available for viewing and copying at the TCEQ central office, TCEQ Dallas/Fort Worth regional office, and the Dallas West Branch Library, 2332 Singleton Boulevard, Dallas, Dallas County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Dallas/Fort Worth regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. In addition to the renewal, this permitting action includes the incorporation of the following authorizations or changes to authorized facilities related to this permit: alterations and amendments. The reasons for any changes or incorporations, to the extent they are included in the renewed permit, may include the enhancement of operational control at the plant or enforceability of the permit. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.

PUBLIC COMMENT You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments is 15 days after newspaper notice is published. After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to address in the permit process.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. If no hearing request is received within this 15 day period, no further opportunity for hearing will be provided. According to the Texas Clean Air Act § 382.056(o) a contested case hearing may only be granted if the applicant's compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission may only grant a hearing on those issues raised during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number, and fax number, if any; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; and (6) a description of how you use the property which may be impacted by the facility. If the request is made by a group or association, the one or more members who have standing to request a hearing and the interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk at the address below.

If any requests for a contested case hearing are timely filed, the executive director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact relating to relevant and material air quality concerns raised during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

AGENCY CONTACTS AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. If you communicate with the TCEQ electronically, please be aware that your email address, like your physical mailing address, will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Building Materials Corporation of America, 2600 Singleton Boulevard, Dallas, Texas 75212-3738 or by calling Mr. Kevin Bush, Environmental Engineer at (214) 637-8933.

TO ALL INTERESTED PERSONS AND PARTIES:

Building Materials Corporation of America has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit No. 7711A, which would authorize continued operation of an Asphalt Roofing Production Facility located at 2600 Singleton Boulevard, Dallas, Dallas County, Texas 75212. Additional information concerning this application is contained in the public notice section of this newspaper.

COMISIÓN DE CALIDAD AMBIENTAL DEL ESTADO DE TEXAS

**AVISO DE RECIBO DE SOLICITUD E
INTENCIÓN DE OBTENER LA RENOVACIÓN
DEL PERMISO DE CALIDAD DE AIRE
PERMISO NÚMERO 7711A**

SOLICITUD Building Materials Corporation of America, ha solicitado a la Comisión de Calidad Ambiental del Estado de Texas (TCEQ, por sus siglas en inglés) la renovación del Permiso de Calidad de Aire Número 7711A, el cual autorizaría la operación continua de una Planta Productora de Techado de Asfalto ubicada en 2600 Singleton Boulevard, Dallas, Condado de Dallas, Texas 75212. Este enlace a un mapa electrónico del sitio o ubicación general de la instalación se provee como una cortesía al público, pero no es parte de la solicitud o del aviso. Para la ubicación exacta, consulte la solicitud. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=32.777222&lng=-96.863333&zoom=13&type=r>. La instalación existente y/o instalaciones existentes están autorizadas para emitir los siguientes contaminantes atmosféricos: óxidos de nitrógeno, dióxido de azufre, materia particulada incluyendo materia particulada con diámetros de 10 micrones o menos y 2.5 micrones o menos, monóxido de carbono y compuestos orgánicos.

Esta solicitud se le presentó a TCEQ el 23 de Abril, 2014. La solicitud estará disponible para ser revisada y copiada en la Oficina Central de la TCEQ, la oficina regional de TCEQ en Dallas/Fort Worth y en la Sucursal de la Biblioteca Dallas West Branch Library, 2332 Singleton Boulevard, Dallas, Condado de Dallas, Texas, comenzando el primer día de publicación de este aviso. El expediente de cumplimiento de la planta, si alguno existe, está disponible para su revisión en la oficina regional de la TCEQ en Dallas/Fort Worth.

El director ejecutivo de la TCEQ ha determinado que la solicitud está administrativamente completa y llevará a cabo una revisión técnica de la solicitud. En adición a la renovación, esta acción permitiente incluye la incorporación de las siguientes autorizaciones o cambios a las facilidades autorizadas relacionadas a este permiso: alteraciones y enmiendas. Las razones para cualquier cambio o incorporaciones, a la extensión de estar incluidas en el permiso renovado, pueden incluir la mejora del control operacional de la planta o fortalecimiento del permiso. Para más información sobre la solicitud de este permiso o el proceso de permisos, favor de llamar al Programa de Educación Pública libre de costo al 1-800-687-4040. La TCEQ puede actuar sobre esta solicitud sin buscar comentarios públicos adicionales o dar la oportunidad para una audiencia de caso impugnado si se cumple con ciertos criterios.

COMENTARIOS PÚBLICOS. Usted puede presentar comentarios públicos, o solicitar una audiencia de caso impugnado a la Oficina del Secretario Oficial (Chief Clerk) a la dirección que se encuentra más abajo. La TCEQ tomará en cuenta todos los comentarios públicos en la decisión final de la solicitud. La fecha límite para presentar comentarios públicos es 15 días después de que se publique el aviso en el periódico. Después de la fecha límite para comentarios públicos, el director ejecutivo preparará una respuesta para todos los comentarios públicos pertinentes y materiales, o significativos. Temas como valor de la propiedad, ruido, seguridad de tráfico y zonificación se encuentran fuera de la jurisdicción de TCEQ para abordar en el proceso del permiso.

Después de que concluya la revisión técnica de la solicitud, el director ejecutivo tomará en cuenta los comentarios y preparará una respuesta para todos los comentarios públicos pertinentes y materiales o significativos. Si sólo se reciben comentarios, la respuesta a los comentarios, junto con la decisión del director ejecutivo con respecto a la solicitud, será enviada por correo a todas aquellas personas que presentaron comentarios públicos o que se encuentran en la lista de correos para esta solicitud, a no ser que la solicitud sea presentada directamente para una audiencia de caso impugnado.

OPORTUNIDAD PARA UNA AUDIENCIA DE CASO IMPUGNADO. Usted puede solicitar una audiencia de caso impugnado. El solicitante o el director ejecutivo también pueden pedir que la solicitud se presente directamente para una audiencia de caso impugnado después de la revisión técnica de la solicitud. Una audiencia de caso impugnado es un proceso legal parecido a un juicio civil en el tribunal de distrito del estado. A menos que se presente una solicitud por escrito para una audiencia de caso impugnado dentro de 15 días de este aviso, el director ejecutivo puede autorizar la solicitud. Si no se recibe una solicitud para audiencia dentro del plazo de 15 días, no se dará otra oportunidad para una audiencia. De acuerdo a la Ley de Aire Limpio del Estado de Texas, § 382.056(o), sólo se puede conceder una audiencia de caso impugnado si el historial de cumplimiento del solicitante se encuentra en la clasificación más baja de acuerdo a los requisitos del historial de cumplimiento que aplican y si la petición para audiencia está basada en cuestiones debatibles que son pertinentes y materiales para la decisión de la Comisión con respecto a la solicitud. Además, la Comisión sólo concederá una audiencia sobre cuestiones que se presenten durante el período de comentarios públicos y no hayan sido retiradas.

Una persona que puede estar afectada por emisiones de contaminantes atmosféricos de una instalación tiene derecho a solicitar una audiencia. Si se solicita una audiencia de caso impugnado, debe presentar lo siguiente: (1) su nombre (o para un grupo o asociación, un representante oficial), dirección, número de teléfono de día y número de facsimile si lo tiene; (2) el nombre del solicitante y número del permiso; (3) la declaración "[yo/nosotros] solicito/solicitamos una audiencia de un caso impugnado"; (4) una descripción específica de cómo se vería afectado adversamente por la solicitud y las emisiones atmosféricas de la planta de manera que no es común para el público en general; (5) la ubicación y distancia de su propiedad con relación a la planta; y (6) una descripción de cómo emplea la propiedad que podría ser impactada por la planta. Si la petición la hace un grupo o asociación, el miembro o miembros que tienen derecho a solicitar una audiencia y los intereses que el grupo o la asociación busca proteger también se deben identificar. También puede presentar los ajustes que propone hacer a la solicitud/permiso que pueden satisfacer sus preocupaciones. Las peticiones para una audiencia de caso impugnado se deben presentar por escrito dentro de 15 días después de este aviso a la Oficina del Secretario Oficial (Chief Clerk) a la dirección que se encuentra más abajo.

Si se registra a tiempo una petición para audiencia de caso impugnado, el director ejecutivo enviará la solicitud y cualquier petición para una audiencia de caso impugnado a los Comisionados de TCEQ para su consideración durante la reunión programada de la Comisión. A menos que la solicitud se refiera directamente a una audiencia de caso impugnado, el director ejecutivo enviará por correo la respuesta a los comentarios junto con el aviso de la reunión de la Comisión a todas aquellas personas que hayan hecho comentarios o si se encuentran en la lista de correspondencia para esta solicitud. Si se concede la audiencia, el tema de la audiencia estará limitado a cuestiones debatibles de hecho relacionados a intereses pertinentes y materiales de calidad atmosférica que se hayan presentado durante el período de comentarios. Cuestiones tales como valor de la propiedad, ruido, seguridad de tráfico, y zonificación no están dentro de la jurisdicción de la Comisión para abordarse en este proceso judicial.

LISTA DE ENVÍO. Además de presentar comentarios públicos, puede solicitar que le incluyan en la lista de envío para esta solicitud específica por medio de una petición enviada a la Oficina del Secretario Oficial (Chief Clerk) a la dirección que se encuentra más abajo. Todos los que están en la lista de envío recibirán copias de avisos públicos futuros (si hay) enviados por la Oficina del Secretario Oficial (Chief Clerk) para esta solicitud.

CONTACTOS DE LA AGENCIA E INFORMACIÓN Los comentarios públicos o peticiones deben ser sometidos ya sea electrónicamente al www.tceq.texas.gov/about/comments.html, o por escrito a la Comisión de Calidad Ambiental del Estado de Texas, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Si elige comunicarse con la TCEQ electrónicamente, esté consciente que su correo electrónico, al igual que su dirección física, llegará a ser parte del registro público de la agencia. Para mayor información acerca de esta solicitud para permiso o el proceso de permisos, favor de llamar sin costo al Programa de Educación Pública, al 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Se puede obtener información adicional también de Building Materials Corporation of America, 2600 Singleton Boulevard, Dallas, Texas 75212-3738 o llamando al Sr. Kevin Bush, Ingeniero Ambiental al (214) 637-8933.

Re: *Public Notice Requirements*
NSR Permit Renewal Application Approval and Public Notice Authorization
NSR Permit Number: 7711A
Building Materials Corporation of America. - Dallas Plant - Dallas County
CN 602717464, RN 100788959

To Whom It May Concern:

Building Materials Corporation of America doing business as GAF Materials Corporation (GAF) owns and operates an existing asphalt roofing production facility in Dallas, Texas (Dallas Plant). The Plant operates under New Source Review (NSR) Permit No. 7711A issued on October 21, 2004.

GAF submitted a NSR Permit renewal application with Concurrent Permit Alteration for NSR Permit No. 7711A on April 22, 2014. This permit renewal application was declared administratively complete on May 1, 2014. As a part of the air permitting process, the Dallas Plant is required to publish a formal public notice in a newspaper of general circulation in the municipality nearest to the facility location. In accordance with the guidance package received from the TCEQ on May 1, 2014, the Dallas Plant has completed the following:

- Published a formal public notice on May 15, 2014 in the following newspapers circulated in Dallas, Dallas County:
 - The Dallas Observer (English)
 - El Extra (Spanish)
- Placed a copy of the permit renewal application, statement of basis, and the draft permit at the Dallas West Library, 2332 Singleton Boulevard, Dallas, Texas, for public viewing and copying, beginning May 15, 2014
- Prepared and posted signs at the Dallas Plant on May 15, 2014

The Dallas Plant is required to submit original newspaper clippings showing the publication date and newspaper name to the TCEQ within 10 business days after the date of publication. As such, the Dallas Plant is submitting the original newspaper clippings showing publication date and newspaper name in English and Spanish languages.

Photocopies of these submittals are being mailed to the following, per the Instructions for Public Notice:

Re: Declaration of Administrative Completeness
Permit Renewal Application
Air Quality Permit Number 7711A
GAF Materials
Dallas, Dallas County
Customer Reference Number: CN602717464
Regulated Entity Number: RN100788959

Dear Mr. Dahlgren:

The executive director has declared the above-referenced application, received on April 23, 2014, administratively complete on May 1, 2014.

You are now required to publish notice of your proposed activity. To help you meet the regulatory requirements associated with this notice, we have included the following items:

- Notices for Newspaper Publication (Examples A and B)
- Sign Posting Example (Example C)
- Public Notice Checklist
- Instructions for Public Notice
- Affidavit of Publication for Air Permitting (Form TCEQ-20533) and Alternative Language Affidavit of Publication for Air Permitting (Form TCEQ-20534)
- Web link to download Public Notice Verification Form (refer to Public Notice Instructions)
- Notification List

Please note that it is very important that you follow all directions in the enclosed instructions. If you do not, you may be required to republish the notice. Some common errors are the unauthorized changing of notice wording or font, omission of air contaminants, and inaccurate plant site location information represented in the application. Additional information can be found at www.tceq.texas.gov/permitting/air/bilingual/how1_2_pn.html or **if you have any questions, please contact us before you proceed with publication.**

A "Public Notice Checklist" is enclosed which notes the time limitations for each step of the public notice process. **The processing of your application may be delayed if these time**

Mr. Bruce Dahlgren
Page 2
May 1, 2014

Re: Air Quality Permit Number 7711A

limitations are not met (i.e.; submitting proof of publication of the notice within 10 business days after publication, affidavits of publication within 30 calendar days after the date of publication, and public notice verification form within 10 business days after the end of the designated comment period). This checklist should be used as a tool in conjunction with the enclosed, detailed instructions.

If you do not comply with all requirements described in the instructions, further processing of your application may be suspended or the agency may take other actions. Please note that as your application undergoes the technical review, we may request additional information.

If you have any questions regarding publication requirements, please contact the Office of the Chief Clerk at (512) 239-3300. If you have any other questions, please contact Ms. Jacque Scarmardo at (512) 239-1084.

Sincerely,

Johnny D. Bowers, Team Leader

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

EXAMPLE A

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT RENEWAL

PERMIT NUMBER 7711A

APPLICATION Building Materials Corporation of America has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Number 7711A, which would authorize continued operation of an Asphalt Roofing Production Facility located at 2600 Singleton Boulevard, Dallas, Dallas County, Texas 75212. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=32.777222&lng=-96.863333&zoom=13&type=r>. The existing facility and/or related facilities are authorized to emit the following air contaminants: nitrogen oxides, sulfur dioxide, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, carbon monoxide, and organic compounds.

This application was submitted to the TCEQ on April 23, 2014. The application will be available for viewing and copying at the TCEQ central office, TCEQ Dallas/Fort Worth regional office, and the Dallas West Branch Library, 2332 Singleton Boulevard, Dallas, Dallas County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Dallas/Fort Worth regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. In addition to the renewal, this permitting action includes the incorporation of the following authorizations or changes to authorized facilities related to this permit: alterations and amendments. The reasons for any changes or incorporations, to the extent they are included in the renewed permit, may include the enhancement of operational control at the plant or enforceability of the permit. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. **The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.**

PUBLIC COMMENT You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. **The deadline to submit public comments is 15 days after newspaper notice is published.** After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to address in the permit process.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. **If no hearing request is received within this 15 day period, no further opportunity for hearing will be provided.** According to the Texas Clean Air Act § 382.056(o) a contested case hearing may only be granted if the applicant's compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission may only grant a hearing on those issues raised during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number, and fax number, if any; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; and (6) a description of how you use the property which may be impacted by the facility. If the request is made by a group or association, the one or more members who have standing to request a hearing and the interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk at the address below.

If any requests for a contested case hearing are timely filed, the executive director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact relating to relevant and material air quality concerns raised during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

AGENCY CONTACTS AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. If you communicate with the TCEQ electronically, please be aware that your email address, like your physical mailing address, will become part of the agency's public record. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Building Materials Corporation of America, 2600 Singleton Boulevard, Dallas, Texas 75212-3738 or by calling Mr. Kevin Bush, Environmental Engineer at (214) 637-8933.

Notice Issuance Date: May 1, 2014

← Minimum 2 column widths or 4 inches →

Example C

Sign Posting

Sign(s) must be in place on day of publication of first newspaper notice and must remain in place and be legible for the 15-day public comment period (which begins on the last day of newspaper publication, either English or alternate language notice, whichever is later). Note - The information shown is an example only. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Each sign placed at the site must be located within 10 feet of each (every) property line paralleling a public highway, street or road. Signs must be visible from the street and spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs shall be required along any property line paralleling a public highway, street, or road.

Sign(s) must be placed at whatever height above the ground is necessary for sign(s) to be 100% visible from the street.

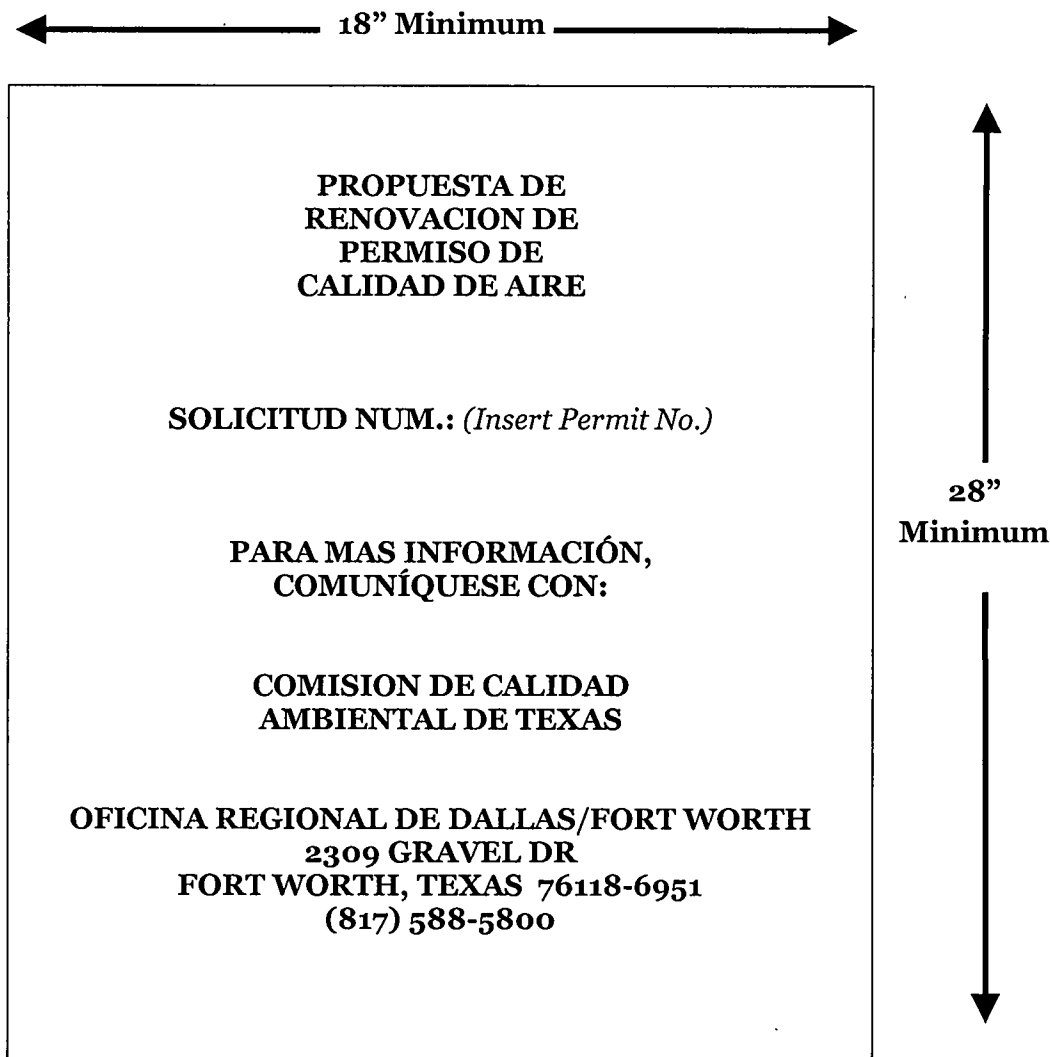

WHITE BACKGROUND WITH BLACK LETTERS

All lettering must be no less than 1-1/2 inch block printed capitals.

Public Notice Checklist
Notice of Receipt of Application and Intent to Obtain Permit
(1st Notice)

The following tasks must be completed for public notice. If publication in an alternative language is required, please complete the tasks for both the English and alternative language publications. Detailed instructions are included in the "Instructions for Public Notice" section of this package.

Within 30 calendar days after date of administrative completeness letter

Publish *Notice of Receipt of Application and Intent to Obtain Permit*

- Example A must be published in "public notice" section of newspaper. Review for accuracy prior to publishing.
- Example B must be published in prominent location (other than "public notice") in same issue of newspaper.

Provide copy of application at a public place for review and copying. Keep it there until end of the designated comment period.

Prepare signs.

First day of newspaper publication

Review published newspaper notice for accuracy. If errors, contact Air Permits Division.

Post signs and keep them up for duration of the designated comment period (see Example C).

Ensure copy of application is at the public place.

Within 10 business days after date of publication

Mail proof of publication showing publication date and newspaper name to:

Texas Commission on Environmental Quality
Office of the Chief Clerk, MC-105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

Mail photocopies of newspaper clippings showing publication date and newspaper name to persons listed on *Notification List*

Within 30 calendar days after date of publication

Mail original affidavit of publication for air permitting and alternative language affidavit of publication for air permitting (if applicable) to:

Texas Commission on Environmental Quality
Office of the Chief Clerk, MC-105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

Mail photocopies of affidavits to persons listed on *Notification List*

Within 10 business days after end of the designated comment period

Mail Public Notice Verification Form to:

Texas Commission on Environmental Quality
Office of the Chief Clerk, MC-105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

Mail photocopies of Public Notice Verification Form to persons listed on *Notification List*

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Instructions for Public Notice For New Source Review Air Permit Renewal

Notice of Receipt of Application and Intent to Obtain Permit

Your application has been declared administratively complete and now you must comply with the following instructions:

Review Notice

Included in the notice is all of the information which the commission believes is necessary to effectuate compliance with applicable public notice requirements. Please read it carefully and notify the Texas Commission on Environmental Quality (TCEQ) immediately if it contains any errors or omissions. You are responsible for ensuring the accuracy of all information published. You may not change the text of the notice without prior approval from the TCEQ.

Newspaper Notice

- You must publish the enclosed *Notice of Receipt of Application and Intent to Obtain Permit* within **30 calendar days** after the date of administrative completeness. Refer to the cover letter for the date of administrative completeness.
- You must publish the enclosed *Notice of Receipt of Application and Intent to Obtain Permit* at your expense, in a newspaper that is of general circulation in the municipality where the facility is or will be located. If the facility is not located within a municipality, the newspaper should be of general circulation in the municipality nearest to the location or proposed location.
- You must publish this notice in one issue of any applicable newspaper.
- You will find two example notices enclosed in this package. *Example A* must be published in the "public notice" section of the newspaper. The phrase "Example A" is not required to be published. *Example B* must be published in the **same issue** of the newspaper as *Example A*; however, it must be published in a prominent location (other than the public notice section). *Example B* refers the public to the "public notice" section of the newspaper where *Example A* provides more information regarding the permit application.
- *Example B* must be a total of at least **6 column inches (standard advertising units)** with a height of at least **3 inches** and a horizontal dimension of **2 column widths**. If the newspaper chosen does not use standard advertising units for measurement, the notice must be at least **12 square inches** with the shortest side at least 3 inches.

- The bold text of the enclosed notice **must** be printed in the newspaper in a font style or size that distinguishes it from the rest of the notice (i.e., **bold**, *italics*). **Failure to do so may require re-notice.**

Alternative Language Notice

- In certain circumstances, applicants for air permits must complete notice in alternative languages.
- Public notice rules require the applicant to determine whether a bilingual program is required at either the elementary or middle school nearest to the facility or proposed facility location. Bilingual education programs are determined on a district-wide basis. When students who are required to attend either school are eligible to be enrolled in a bilingual education program, some alternative language notice is required (signs, or signs and newspaper notice).
- Since the school district, and not the schools, must provide the bilingual education program, these programs do not have to be located at the elementary or middle school nearest to the facility or proposed facility to trigger the alternative language notice requirement. If there are students who would normally attend the nearest schools eligible to be taught in a bilingual education program at a different location, alternative language notice is required.
- If triggered, publication of alternative language notices must be made in a newspaper or publication primarily printed in each language taught in the bilingual education program. This notice is required if such a newspaper or publication exists in the municipality or the county where the facility is or will be located.
- The applicant must demonstrate a good faith effort to identify a newspaper or publication in the required language. If a newspaper or publication of general circulation published at least once a month in such language cannot be found, publishing in that language is not required, but signs must still be posted adjacent to each English language sign.
- Publication in an alternative language section or insertion within an English language newspaper does not satisfy these requirements.
- The applicant has the burden to demonstrate compliance with these requirements. You must fill out the **Public Notice Verification Form (Form TCEQ-20244)** indicating your compliance with the requirements regarding publication in an alternative language. **This form is available at www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html**
- It is suggested the applicant work with the local school district to do the following:
 - (a) determine if a bilingual program is required in the district;
 - (b) determine which language is required by the bilingual program;
 - (c) locate the nearest elementary and middle schools; and
 - (d) determine if any students attending either school are eligible to be enrolled in a bilingual educational program.
- **If you determine that you must meet the alternative language notice requirements, you are responsible for ensuring that the publication in the**

alternative language is complete and accurate in that language. Spanish notice templates are available through the Air Permits Division Web site at www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html. All italic notes should be replaced with the corresponding Spanish translations for the specific application and published in the alternative language publication.

- If you are required to publish notice in a language other than Spanish, you must translate the entire public notice at your own expense.

Public Comment Period

- The public comment period should last at least **30 calendar days**. With the exception of renewals whose comment period should last at least **15 calendar days**.
- The comment period will be longer if the last day of the public comment period ends on a weekend or a holiday. In this case, the comment period will end on the next business day.
- The comment period for the permit may lengthen depending on whether a public meeting is held or if second notice is required. If a public meeting is held, the comment period will be extended to the later of either the date of the public meeting or the end of the second notice period.

Proof of Publication

- Check each publication to ensure that the articles were accurately published. If a notice was not published correctly you may be required to republish.
- For each newspaper in which you published, you must submit proof of publication that shows the notice, the date of publication, and the name of the newspaper to the Office of the Chief Clerk within **10 business days** after the date of publication. Acceptable proofs of publication are 1) copies of the published notice or 2) the original newspaper clippings of the published notice. If you choose to submit copies of the published notice to the Office of the Chief Clerk, copies must be on standard-size 8½" x 11" paper and must show the actual size of the published notice (do not reduce the image when making copies). Published notices longer than 11" must be copied onto multiple 8½" x 11" pages. Please note, submitting a copy of your published notice could result in faster processing of your application. It is recommended that you maintain original newspaper clippings or tear sheets of the notice for your records.
- You must submit an **original publisher's affidavit of publication for air permitting and alternate language affidavit of publication for air permitting (if applicable)** to the Office of the Chief Clerk within **30 calendar days** after the date of publication. **You must use the enclosed affidavits of publication.** The affidavits must clearly identify the applicant's name and permit number. You are encouraged to submit the affidavit with the proof of publication described above.
- You must submit the **Public Notice Verification Form (Form TCEQ-20244)** to the Office of the Chief Clerk within **10 business days** of the end of this public comment period. You must use this form to certify that you have met bilingual notice requirements. **This form is available at** www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html.

- The **original affidavits of publication, Public Notice Verification Form, and acceptable proof of publication of the published notices** must be mailed to:

Texas Commission on Environmental Quality
Office of the Chief Clerk, MC-105
Attn: Notice Team
P.O. Box 13087
Austin, Texas 78711-3087

- Please ensure that the affidavit(s) you send to the Chief Clerk is/are originals and that all blanks on the affidavit are filled in correctly. Photocopies of affidavits will not be accepted.
- Photocopies of newspaper clippings, affidavits, and verifications must also be sent to those listed on the enclosed *Notification List* within the deadlines specified above.

Failure to Publish and Submit Proof of Publication

You must meet all publication requirements. **If you fail to publish the notice or submit proof of publication on time, then** the TCEQ may suspend further processing on your application or take other actions.

Sign Posting

Applicants for air quality permits must also post signs.

- You must post at least one sign in English and as applicable, in each alternative language.
- Signs must be in place on the first day of publication in a newspaper and must remain in place and be legible and be visible from the street for the entire duration of the publications' designated comment period (see Example C).
- The sign template enclosed (*Example C*) is an example only. Read the sign template carefully and notify the TCEQ if it has an error or omissions. It is your responsibility to verify that the appropriate information pertaining to your application is accurate. Any changes to the text prepared by the TCEQ must be approved by the agency.
- Signs placed at the site must be located within 10 feet of each (every) property line paralleling a public street, road, or highway. Signs must be spaced at not more than 1,500-foot intervals. A minimum of one sign, but not more than three signs are required along any property line paralleling a public street, road, or highway. Sign(s) must be placed at a sufficient height above the ground that is necessary for sign(s) to be 100 percent visible from the street.
- All lettering on the sign must be no less than 1½" in height with block printed capital lettering. The sign must be at least 18" wide and 28" tall, and consist of black lettering on a white background.
- Alternative language signs are required if alternative notice is required, even if no newspaper can be found.

- Inspect each posted sign daily to ensure it is present and visible throughout the entire comment period.
- You must submit verification of sign posting using the ***Public Notice Verification Form (Form TCEQ-20244)*** within **10 business days** after end of the publications' designated comment period. Do not submit the *Public Notice Verification Form* verifying sign posting until after the comment period is over. You cannot certify that the sign posting is in compliance until after the comment period is over. **This form is available at www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html.**

Application in a Public Place

- You must provide a copy of the administratively complete application at a public place for review and copying by the public. This place must be in the county in which the facility is located or proposed to be located.
- A public place is one that is publicly owned or operated. For example, libraries, county courthouses, or city halls.
- The administratively complete application must be available beginning on the first day of newspaper publication and remain available during the entire public comment period.
- If the application is submitted to the TCEQ with information marked as confidential, you are required to indicate which specific portions of the application are not being made available to the public. These portions of the application must be accompanied with the following statement: "Any request for portions of this application that are marked as confidential must be submitted in writing, pursuant to the Public Information Act, to the Texas Commission on Environmental Quality, Public Information Coordinator, MC-197, P.O. Box 13087, Austin, Texas 78711-3087."
- You must submit verification of file availability using the ***Public Notice Verification Form (Form TCEQ-20244)*** within **10 business days** after end of the publications' designated comment period. Do not submit the form verifying that the application was in a public place until after the comment period is complete. If a public meeting is held or second notice is required causing the public comment period to be extended, at a later date you will be required to verify that the application was in a public place during the entire public comment period. **This form is available at www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html.**

General Information

When contacting the Commission regarding this application, please refer to the permit number at the top of the *Notice of Application and Intent to Obtain Permit*.

If you wish to obtain an electronic copy, please contact the initial reviewer who assisted in the preparation of this public notice package. The electronic version is available in Microsoft Word format only and can be requested once your application has been declared administratively complete. Please ensure that the electronic version is correct and consistent with the hard copies that were provided. Any revisions made may not be accepted. **You may download copies of the Public Notice Verification Form and Affidavits of publication by visiting our agency Web site at www.tceq.texas.gov/permitting/air/nav/air_publicnotice.html.**

If you have questions or need assistance regarding publication requirements, please contact the Office of the Chief Clerk at (512) 239-3300 or the administrative reviewer listed in the cover letter.
